Mr. Heller,

You have failed to answer questions from Independent Americans for years. Why?

You have failed to tell me what "Good Cause" is for waiving fines that you have waived for Republicans and Democrats in the past.

You are currently being sued for your treatment of one of our candidates.

I cannot answer your questions until you answer my questions.

I am afraid of criminal prosecution because of your capricious and arbitrary law enforcement techniques, so I must once again claim my rights against self-incrimination on these forms.

I have already given you the questions in writing and will not repeat them now.

Obey the Law Mr. Heller and answer my questions!

Candidate for
Assembly District 36*
